VOLUNTEER DESCRIPTION

The word "volunteer" is generally used to mean someone who chooses to work for the good of the community or some public benefit, and who isn't paid or otherwise rewarded and doesn't expect to be.

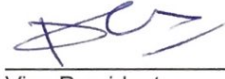

Several volunteers exert their maximum efforts to achieve our objectives.

As per the New Zealand Constitutional Requirements, CTS must write the volunteers' description for volunteers. If CTS fulfill this requirement, we will get the funds from various organizations including the Christchurch City Council. The sets of efficient rules shall be written only by the Community Lawyers with the help of the committee and the members.

The Committee has confirmed that the above proposal is accepted/rejected by the Full Members of CTS:

President:

Vice President:

Secretary:

Treasurer:
